

**My child is out-of-sync  
right now. My child has  
Sensory Processing  
Disorder (SPD).**

**Right now my  
child needs time to  
regroup & reorganize.**

Children with SPD  
misinterpret everyday sensory info,  
such as touch, sound, smell and  
movement. They may feel  
overwhelmed by the world around  
them or may seek intense  
sensory experiences.
